By Committee on Government Operations & Elections

ADOPTED AS AMENDED 04/16/2003

1 Strike everything after the enacting clause and insert the  
2 following:

3 "NEW SECTION. **Sec. 1.** A new section is added to chapter 39.10 RCW  
4 to read as follows:

5 (1) Public bodies may use a job order contract for public works  
6 projects when:

7 (a) A public body has made a determination that the use of job  
8 order contracts will benefit the public by providing an effective means  
9 of reducing the total lead-time and cost for public works projects or  
10 repair required at public facilities through the use of unit price  
11 books and work orders by eliminating time-consuming, costly aspects of  
12 the traditional public works process, which require separate  
13 contracting actions for each small project;

14 (b) The work order to be issued for a particular project does not  
15 exceed two hundred thousand dollars;

16 (c) Less than twenty percent of the dollar value of the work order  
17 consists of items of work not contained in the unit price book; and

18 (d) At least eighty percent of the job order contract must be  
19 subcontracted to entities other than the job order contractor.

20 (2) Public bodies shall award job order contracts through a  
21 competitive process utilizing public requests for proposals. Public  
22 bodies shall make an effort to solicit proposals from a certified  
23 minority or certified woman-owned contractor to the extent permitted by  
24 the Washington state civil rights act, RCW 49.60.400. The public body  
25 shall publish, at least once in a legal newspaper of general  
26 circulation published in or as near as possible to that part of the  
27 county in which the public works will be done, a request for proposals  
28 for job order contracts and the availability and location of the  
29 request for proposal documents. The public body shall ensure that the  
30 request for proposal documents at a minimum includes:

1 (a) A detailed description of the scope of the job order contract  
2 including performance, technical requirements and specifications,  
3 functional and operational elements, minimum and maximum work order  
4 amounts, duration of the contract, and options to extend the job order  
5 contract;

6 (b) The reasons for using job order contracts;

7 (c) A description of the qualifications required of the proposer;

8 (d) The identity of the specific unit price book to be used;

9 (e) The minimum contracted amount committed to the selected job  
10 order contractor;

11 (f) A description of the process the public body will use to  
12 evaluate qualifications and proposals, including evaluation factors and  
13 the relative weight of factors. The public body shall ensure that  
14 evaluation factors include, but are not limited to, proposal price and  
15 the ability of the proposer to perform the job order contract. In  
16 evaluating the ability of the proposer to perform the job order  
17 contract, the public body may consider: The ability of the  
18 professional personnel who will work on the job order contract; past  
19 performance on similar contracts; ability to meet time and budget  
20 requirements; ability to provide a performance and payment bond for the  
21 job order contract; recent, current, and projected work loads of the  
22 proposer; location; and the concept of the proposal;

23 (g) The form of the contract to be awarded;

24 (h) The method for pricing renewals of or extensions to the job  
25 order contract;

26 (i) A notice that the proposals are subject to the provisions of  
27 RCW 39.10.100; and

28 (j) Other information relevant to the project.

29 (3) A public body shall establish a committee to evaluate the  
30 proposals. After the committee has selected the most qualified  
31 finalists, the finalists shall submit final proposals, including sealed  
32 bids based upon the identified unit price book. Such bids may be in  
33 the form of coefficient markups from listed price book costs. The  
34 public body shall award the contract to the firm submitting the highest  
35 scored final proposal using the evaluation factors and the relative  
36 weight of factors published in the public request for proposals.

1 (4) The public body shall provide a protest period of at least ten  
2 business days following the day of the announcement of the apparent  
3 successful proposal to allow a protester to file a detailed statement  
4 of the grounds of the protest. The public body shall promptly make a  
5 determination on the merits of the protest and provide to all proposers  
6 a written decision of denial or acceptance of the protest. The public  
7 body shall not execute the contract until two business days following  
8 the public body's decision on the protest.

9 (5) The public body shall issue no work orders until it has  
10 approved, in consultation with the office of minority and women's  
11 business enterprises or the equivalent local agency, a plan prepared by  
12 the job order contractor that equitably spreads certified women and  
13 minority business enterprise subcontracting opportunities, to the  
14 extent permitted by the Washington state civil rights act, RCW  
15 49.60.400, among the various subcontract disciplines.

16 (6) Job order contracts may be executed for an initial contract  
17 term of not to exceed two years, with the option of extending or  
18 renewing the job order contract for one year. All extensions or  
19 renewals must be priced as provided in the request for proposals. The  
20 extension or renewal must be mutually agreed to by the public body and  
21 the job order contractor.

22 (7) The maximum total dollar amount that may be awarded under a job  
23 order contract shall not exceed three million dollars in the first year  
24 of the job order contract, five million dollars over the first two  
25 years of the job order contract, and, if extended or renewed, eight  
26 million dollars over the three years of the job order contract.

27 (8) For each job order contract, public bodies shall not issue more  
28 than two work orders equal to or greater than one hundred fifty  
29 thousand dollars in a twelve-month contract performance period.

30 (9) All work orders issued for the same project shall be treated as  
31 a single work order for purposes of the one hundred fifty thousand  
32 dollar limit on work orders in subsection (8) of this section and the  
33 two hundred thousand dollar limit on work orders in subsection (1)(b)  
34 of this section.

35 (10) Any new permanent, enclosed building space constructed under  
36 a work order shall not exceed two thousand gross square feet.

1 (11) Each public body may have no more than two job order contracts  
2 in effect at any one time.

3 (12) For purposes of chapters 39.08, 39.12, 39.76, and 60.28 RCW,  
4 each work order issued shall be treated as a separate contract. The  
5 alternate filing provisions of RCW 39.12.040(2) shall apply to each  
6 work order that otherwise meets the eligibility requirements of RCW  
7 39.12.040(2).

8 (13) The requirements of RCW 39.30.060 do not apply to requests for  
9 proposals for job order contracts.

10 (14) Job order contractors shall pay prevailing wages for all work  
11 that would otherwise be subject to the requirements of chapter 39.12  
12 RCW. Prevailing wages for a job order contract must be determined as  
13 of the time of the execution of the job order contract and any  
14 extension or renewal.

15 (15) If, in the initial contract term, the public body, at no fault  
16 of the job order contractor, fails to issue the minimum amount of work  
17 orders stated in the public request for proposals, the public body  
18 shall pay the contractor an amount equal to the difference between the  
19 minimum work order amount and the actual total of the work orders  
20 issued multiplied by an appropriate percentage for overhead and profit  
21 contained in the general conditions for Washington state facility  
22 construction. This will be the contractor's sole remedy.

23 (16) All job order contracts awarded under this section must be  
24 executed before July 1, 2007, however the job order contract may be  
25 extended or renewed as provided for in this section.

26 (17) For purposes of this section, "public body" includes any  
27 school district.

20 (5) "Job order contractor" means a registered or licensed  
21 contractor awarded a job order contract.

22 (6) "Unit price book" means a book containing specific prices,

31 as follows:

32 In addition to the projects authorized in RCW 39.10.061, public  
33 bodies may also use the general contractor/construction manager  
34 contracting procedure for the construction of school district capital

8 as follows:

9 (1) The bond mentioned in RCW 39.08.010 shall be in an amount equal  
10 to the full contract price agreed to be paid for such work or  
11 improvement, except under subsection (2) of this section, and shall be

13 39.08.100, and except in cases of cities and towns, in which cases such

28 conditions and obligations in such bond as may be deemed necessary for  
29 its proper protection in the fulfillment of the terms of the contract  
30 secured thereby, and not in conflict herewith.

31 (2) Under the job order contracting procedure described in section  
32 1 of this act, bonds will be in an amount not less than the dollar  
33 value of all open work orders.

34 **Sec. 5.** RCW 39.30.060 and 2002 c 163 s 2 are each amended to read  
35 as follows:

36 (1) Every invitation to bid on a prime contract that is expected to

1 cost one million dollars or more for the construction, alteration, or  
2 repair of any public building or public work of the state or a state  
3 agency or municipality as defined under RCW 39.04.010 or an institution  
4 of higher education as defined under RCW 28B.10.016 shall require each  
5 prime contract bidder to submit as part of the bid, or within one hour  
6 after the published bid submittal time, the names of the subcontractors  
7 with whom the bidder, if awarded the contract, will subcontract for  
8 performance of the work of: HVAC (heating, ventilation, and air  
9 conditioning); plumbing as described in chapter 18.106 RCW; and  
10 electrical as described in chapter 19.28 RCW, or to name itself for the  
11 work. The prime contract bidder shall not list more than one  
12 subcontractor for each category of work identified, unless  
13 subcontractors vary with bid alternates, in which case the prime  
14 contract bidder must indicate which subcontractor will be used for  
15 which alternate. Failure of the prime contract bidder to submit as  
16 part of the bid the names of such subcontractors or to name itself to  
17 perform such work or the naming of two or more subcontractors to  
18 perform the same work shall render the prime contract bidder's bid  
19 nonresponsive and, therefore, void.

20 (2) Substitution of a listed subcontractor in furtherance of bid  
21 shopping or bid peddling before or after the award of the prime  
22 contract is prohibited and the originally listed subcontractor is  
23 entitled to recover monetary damages from the prime contract bidder who  
24 executed a contract with the public entity and the substituted  
25 subcontractor but not from the public entity inviting the bid. It is  
26 the original subcontractor's burden to prove by a preponderance of the  
27 evidence that bid shopping or bid peddling occurred. Substitution of  
28 a listed subcontractor may be made by the prime contractor for the  
29 following reasons:

30 (a) Refusal of the listed subcontractor to sign a contract with the  
31 prime contractor;

32 (b) Bankruptcy or insolvency of the listed subcontractor;

33 (c) Inability of the listed subcontractor to perform the  
34 requirements of the proposed contract or the project;

35 (d) Inability of the listed subcontractor to obtain the necessary  
36 license, bonding, insurance, or other statutory requirements to perform  
37 the work detailed in the contract; or

1 (e) The listed subcontractor is barred from participating in the  
2 project as a result of a court order or summary judgment.

3 (3) The requirement of this section to name the prime contract  
4 bidder's proposed HVAC, plumbing, and electrical subcontractors applies  
5 only to proposed HVAC, plumbing, and electrical subcontractors who will  
6 contract directly with the prime contract bidder submitting the bid to  
7 the public entity.

8 (4) This section does not apply to job order contract requests for  
9 proposals under section 1 of this act.

10 NEW SECTION. **Sec. 6.** A new section is added to chapter 39.12 RCW  
11 to read as follows:

12 Job order contracts under section 1 of this act must pay prevailing  
13 wages for all work that would otherwise be subject to the requirements  
14 of this chapter. Prevailing wages for a job order contract must be  
15 determined as of the time the job order contract and any extension or  
16 renewal is executed.

17 **Sec. 7.** RCW 60.28.011 and 2000 c 185 s 1 are each amended to read  
18 as follows:

19 (1) Public improvement contracts shall provide, and public bodies  
20 shall reserve, a contract retainage not to exceed five percent of the  
21 moneys earned by the contractor as a trust fund for the protection and  
22 payment of: (a) The claims of any person arising under the contract;  
23 and (b) the state with respect to taxes imposed pursuant to Title 82  
24 RCW which may be due from such contractor.

25 (2) Every person performing labor or furnishing supplies toward the  
26 completion of a public improvement contract shall have a lien upon  
27 moneys reserved by a public body under the provisions of a public  
28 improvement contract. However, the notice of the lien of the claimant  
29 shall be given within forty-five days of completion of the contract  
30 work, and in the manner provided in RCW 39.08.030.

31 (3) The contractor at any time may request the contract retainage  
32 be reduced to one hundred percent of the value of the work remaining on  
33 the project.

34 (a) After completion of all contract work other than landscaping,  
35 the contractor may request that the public body release and pay in full

1 the amounts retained during the performance of the contract, and sixty  
2 days thereafter the public body must release and pay in full the  
3 amounts retained (other than continuing retention of five percent of  
4 the moneys earned for landscaping) subject to the provisions of  
5 chapters 39.12 and 60.28 RCW.

6 (b) Sixty days after completion of all contract work the public  
7 body must release and pay in full the amounts retained during the  
8 performance of the contract subject to the provisions of chapters 39.12  
9 and 60.28 RCW.

10 (4) The moneys reserved by a public body under the provisions of a  
11 public improvement contract, at the option of the contractor, shall be:

12 (a) Retained in a fund by the public body;

13 (b) Deposited by the public body in an interest bearing account in  
14 a bank, mutual savings bank, or savings and loan association. Interest  
15 on moneys reserved by a public body under the provision of a public  
16 improvement contract shall be paid to the contractor;

17 (c) Placed in escrow with a bank or trust company by the public  
18 body. When the moneys reserved are placed in escrow, the public body  
19 shall issue a check representing the sum of the moneys reserved payable  
20 to the bank or trust company and the contractor jointly. This check  
21 shall be converted into bonds and securities chosen by the contractor  
22 and approved by the public body and the bonds and securities shall be  
23 held in escrow. Interest on the bonds and securities shall be paid to  
24 the contractor as the interest accrues.

25 (5) The contractor or subcontractor may withhold payment of not  
26 more than five percent from the moneys earned by any subcontractor or  
27 sub-subcontractor or supplier contracted with by the contractor to  
28 provide labor, materials, or equipment to the public project. Whenever  
29 the contractor or subcontractor reserves funds earned by a  
30 subcontractor or sub-subcontractor or supplier, the contractor or  
31 subcontractor shall pay interest to the subcontractor or sub-  
32 subcontractor or supplier at a rate equal to that received by the  
33 contractor or subcontractor from reserved funds.

34 (6) A contractor may submit a bond for all or any portion of the  
35 contract retainage in a form acceptable to the public body and from a  
36 bonding company meeting standards established by the public body. The  
37 public body shall accept a bond meeting these requirements unless the

1 public body can demonstrate good cause for refusing to accept it. This  
2 bond and any proceeds therefrom are subject to all claims and liens and  
3 in the same manner and priority as set forth for retained percentages  
4 in this chapter. The public body shall release the bonded portion of  
5 the retained funds to the contractor within thirty days of accepting  
6 the bond from the contractor. Whenever a public body accepts a bond in  
7 lieu of retained funds from a contractor, the contractor shall accept  
8 like bonds from any subcontractors or suppliers from which the  
9 contractor has retained funds. The contractor shall then release the  
10 funds retained from the subcontractor or supplier to the subcontractor  
11 or supplier within thirty days of accepting the bond from the  
12 subcontractor or supplier.

13 (7) If the public body administering a contract, after a  
14 substantial portion of the work has been completed, finds that an  
15 unreasonable delay will occur in the completion of the remaining  
16 portion of the contract for any reason not the result of a breach  
17 thereof, it may, if the contractor agrees, delete from the contract the  
18 remaining work and accept as final the improvement at the stage of  
19 completion then attained and make payment in proportion to the amount  
20 of the work accomplished and in this case any amounts retained and  
21 accumulated under this section shall be held for a period of sixty days  
22 following the completion. In the event that the work is terminated  
23 before final completion as provided in this section, the public body  
24 may thereafter enter into a new contract with the same contractor to  
25 perform the remaining work or improvement for an amount equal to or  
26 less than the cost of the remaining work as was provided for in the  
27 original contract without advertisement or bid. The provisions of this  
28 chapter are exclusive and shall supersede all provisions and  
29 regulations in conflict herewith.

30 (8) Whenever the department of transportation has contracted for  
31 the construction of two or more ferry vessels, sixty days after  
32 completion of all contract work on each ferry vessel, the department  
33 must release and pay in full the amounts retained in connection with  
34 the construction of the vessel subject to the provisions of RCW  
35 60.28.020 and chapter 39.12 RCW. However, the department of  
36 transportation may at its discretion condition the release of funds  
37 retained in connection with the completed ferry upon the contractor

1 delivering a good and sufficient bond with two or more sureties, or  
2 with a surety company, in the amount of the retained funds to be  
3 released to the contractor, conditioned that no taxes shall be  
4 certified or claims filed for work on the ferry after a period of sixty  
5 days following completion of the ferry; and if taxes are certified or  
6 claims filed, recovery may be had on the bond by the department of  
7 revenue and the materialmen and laborers filing claims.

8 (9) Except as provided in subsection (1) of this section,  
9 reservation by a public body for any purpose from the moneys earned by  
10 a contractor by fulfilling its responsibilities under public  
11 improvement contracts is prohibited.

12 (10) Contracts on projects funded in whole or in part by farmers  
13 home administration and subject to farmers home administration  
14 regulations are not subject to subsections (1) through (9) of this  
15 section.

16 (11) This subsection applies only to a public body that has  
17 contracted for the construction of a facility using the general  
18 contractor/construction manager procedure, as defined under RCW  
19 (~~39.10.060~~) 39.10.061. If the work performed by a subcontractor on  
20 the project has been completed within the first half of the time  
21 provided in the general contractor/construction manager contract for  
22 completing the work, the public body may accept the completion of the  
23 subcontract. The public body must give public notice of this  
24 acceptance. After a forty-five day period for giving notice of liens,  
25 and compliance with the retainage release procedures in RCW 60.28.021,  
26 the public body may release that portion of the retained funds  
27 associated with the subcontract. Claims against the retained funds  
28 after the forty-five day period are not valid.

29 (12) Unless the context clearly requires otherwise, the definitions  
30 in this subsection apply throughout this section.

31 (a) "Contract retainage" means an amount reserved by a public body  
32 from the moneys earned by a person under a public improvement contract.

33 (b) "Person" means a person or persons, mechanic, subcontractor, or  
34 materialperson who performs labor or provides materials for a public  
35 improvement contract, and any other person who supplies the person with  
36 provisions or supplies for the carrying on of a public improvement  
37 contract.

1 (c) "Public body" means the state, or a county, city, town,
